OUR PASSION
OUR COMMITMENT
PROCESS EDUCATION

What is Process Education?

Process Education™ is a performance-based philosophy of education which integrates many different educational theories, processes, and tools in emphasizing the continuous development of learning skills through the use of assessment principles in order to produce learner self-development.

The Academy Mission

The Academy drives transformational change in education by generating, disseminating, and archiving research based on Process Education principles through:

- delivering an annual conference focused on timely issues
- developing position papers related to concerns in higher education
- promoting scholarship related to the process model of education
- reporting research on Process Education™ in a peer-reviewed journal

The Academy engages, supports, and collaborates with a community of educators by:

- partnering in the design and modeling of best practices in Process Education
- mentoring and coaching professional development in educational practice
- seeking and supporting partnerships for Academy research
- involving members in the creation of innovative conference programs
- facilitating members' participation in other professional venues
