Session Description:

This session is designed to help you (1) maximize the value you can take away and (2) reflect on lessons learned from your experience at the Process Education Conference. The session also is designed to help provide the conference organizers with an overall view of what you as participants are thinking as we conclude our time together.

Facilitation Plan:

- 1. Thank you to participants and presenters (5 minutes)
- 2. Personal reflection time (5 minutes)
 - a. What are the 1 or 2 most important things you have learned in the past two days?
 - b. What tools or techniques did you come across that you would like to try?
 - c. Who do you need to keep in touch with to help you succeed after you leave today?
- 3. Final networking (10 minutes)
 - a. Find those who provided valuable information or used inspiring techniques and share your thoughts with them
 - b. Find those you need to contact and exchange contact information with specific follow-up plans
- 4. Sharing with the group (10 minutes)
 - What am I going to go home and do (either now or during the next academic year) as a result of attending this conference?
