

<b>Abstract:</b>	The workshop will highlight the current research on the key risk factors that exists for matriculating college students. The participants will rank existing identified risk factors with additional factors that should be added from their individual institutions. In the analysis, the weighting of how significant each factor is to the total risk will be determined. The resulting data will be analyzed and contributed to the proceedings where a final synthesized set of risk factors with contribution weightings will be determined.
<b>Learning Outcome:</b>	<ol style="list-style-type: none"> <li>1. Collect data on the validation of risk factors across institutions</li> <li>2. Uncover additional risk factors to investigate</li> <li>3. Prioritize those considered the most significant</li> </ol>
<b>Facilitation Plan:</b>	<ol style="list-style-type: none"> <li>1. Brief Overview of High Risk Factors based on research and outcomes from kickoff workshop</li> <li>2. Form diverse tables with 6-8 audience members per table</li> <li>3. Each table identifies additional institutional risk factors for list</li> <li>4. Each table analyzes and prioritizes the top 10 risk factors, including added institutional factors, ranking top 10 using distribution of 100 points</li> <li>5. Each table identifies the two most important factors to share</li> <li>6. Large group reports and discussion</li> <li>7. Collect workshop folders</li> <li>8. Workshop closure</li> </ol>
<b>Resources:</b>	<ol style="list-style-type: none"> <li>1. Sample Recovery Course Data</li> <li>2. Advancing Research: Additional Risk Factors Table/Worksheet (available on the following pages)</li> <li>3. Advancing Research: Risk Factors Analysis Worksheet (available on the following pages)</li> <li>4. Session Folders with Worksheets for tables</li> <li>5. Identifying At-Risk Factors that Affect College Student Success, <i>International Journal of Process Education</i>, June 2015, Volume 7, Issue 1 (available on page 11 of this notebook)</li> </ol>

### Additional Institutional Risk Factors Worksheet

Instructions: List additional risk factors not identified below

Identified High Risk Factors	Additional Institutional Risk Factors
Lacks Self-discipline	
Procrastinates	
Irresponsible	
Afraid of Failure	
No Sense of Efficacy	
Financial Constraints	
Unmotivated	
Aimless/Unclear Goals	
Fixed Mindset	
1 <sup>st</sup> Generation College Student	
Teacher Pleaser	
Unchallenged	
Memorization	
Fails to Transfer Knowledge	
Highly Self Judgmental	
Minimal Metacognitive Awareness	
Non-Team Player	
Insecure Public Speaker	
Lacks Support System	
Lacks Mentors/Role Models	

## Advancing the Research on Collegiate Risk Factors Worksheet

### Analysis and ranking of risk factors

Table/Team# \_\_\_\_\_

Risk Factors [List top 10]	% of Points [Total=100%]	Justification/Rationale
	<b>20</b>	
	<b>15</b>	
	<b>5</b>	

**Two Most Important Factors:**

- 1.
- 2.
