CONFERENCE THREADS

- **Panel Discussion Sessions** — These 90-minute sessions will provide for a group to come together and design a symposium to address a specific aspect of one of the Conference Goals.
- **Practitioner Workshops** — These 90-minute workshops provide an environment for participants to experience innovative, new, or current teaching, learning, and facilitation strategies related to conference themes.
- **Research Workshops** — These workshops are 90-minute explorations of ongoing scholarship with an eye to advancing pertinent research (additional projects, collaboration, and publications).
- **Research Paper Sessions** — These discussion-based sessions will include a selection of three papers focused on a particular theme.
- **Hall of Innovation (Poster Session)** — Posters center on a specific teaching innovation or design that can be shared via brief video and a slideshow.

A screenshot of the registration form on the conference website. At the top, it says "Process Education CONFERENCE 2022". Below that is a "Save & Return" section with a button that says "Create an account or login". The form has four input fields: "Author name (as it should appear in the program) *", "Email address *", "Position/Title *", and "Affiliation *".

We're ready for your proposal!
